

Learning Plan 1: Alignment Map Performance Assessment Task

Directions

1. Download the WIDS Alignment Map
[WIDS Alignment Map](#)
2. Rename the document with your last name at the end. For example, LP1_WIDS_Alignment_Map_Johnson
3. Complete the activity sheet following the instructors on the document.
4. Self-assess your work using the rubric below.
5. Submit your assignment using the assignment submission tool in Moodle.

Target Course Competencies

1. Align outcomes at various levels

Scoring

Rating Scale

Value	Description
Met	Fully meets the criterion.
Not Met	Does not fully meet the criterion.

Scoring Standard

You must achieve a "met" rating on each criterion to demonstrate competence. If you do not achieve a "met" rating, you can revise your work and resubmit.

Scoring Guide

	Criteria	Ratings
1.	alignment map includes a core ability	Met Not Met
2.	alignment map includes an external standard or occupational task	Met Not Met
3.	alignment map includes a program outcome	Met Not Met
4.	alignment map includes 1-3 course competencies	Met Not Met
5.	you reflect on whether or map is fully aligned	Met Not Met
6.	you identify one thing you learned about alignment you would like to put into practice during this online course	Met Not Met
