

## Assigned Outcome Matrices Performance Assessment Task

### Directions

1. Generate a Assigned Outcome Matrix report in WIDS. Export it as a Word document. Rename the file to include your last name at the end.
2. Review your work using the scoring guide. Make sure all of the outcomes you linked show in the report.
3. Make modifications if necessary.
4. When you are ready to submit, upload it using the SUBMIT activity.

### Target Course Competencies

1. Assign outcomes to courses where they are taught and assessed

### Rating Scale

Value	Description
Met	Fully meets the criterion.
Not Met	Does not fully meet the criterion. Revisions may be suggested.

### Scoring Standard

You must achieve a "met" rating on each criterion to demonstrate competence. If you do not achieve a "met" rating, you can revise your work and resubmit.

### Scoring Guide

	Criteria	Ratings
1.	you have assigned all required external standards to courses in the program (if used)	Met Not Met
2.	you have assigned core abilities and/or general education outcomes to courses in the program (if used)	Met Not Met
3.	you have assigned all program outcomes to courses in the program	Met Not Met
4.	program outcomes show a logical progression of introduced, practiced and assessed as students move through the program	Met Not Met
5.	every program outcome is linked to at least one course	Met Not Met
6.	every course in the program is linked to at least one program outcome	Met Not Met
